

10 April 1950

MEMORANDUM FOR: THE DIRECTOR

SUBJECT: Security of information on intelligence sources  
and methods and avoidance of publicity

1. Attached is a copy of an item appearing on the thirteenth page of NEWSWEEK for April 10.
2. It appears to us as though it is a serious breach of NSCIDs 11 and 12 on the above subjects and is a matter of vital concern to the subject matter of NSCID 9.
3. I hope you will take this up with General Cabell. We have a hunch that this might have leaked through the submittal to Congress by the Defense Department of its request for construction funds.

PRESCOTT CHILDS, Chief  
Coordination, Operations  
and Policy Staff
